Moving towards the post-2020 fisheries and maritime fund
Overall timeline – key steps

- Closely connected to the **preparation of the next Multiannual Financial Framework (MFF)**

- **Impact Assessment** – internal preparations are underway

- The adoption of the legislative proposal to follow the MFF proposal

- **Legislative negotiations** and adoption of legal framework (in connection with negotiations on the next CPR)

- **1 January 2021**: Start of new programming period
Consultations

- EFF *ex post* evaluation
- Tallinn Stakeholder Conference (October 2017)
- Targeted consultations
Key issues for reflection

- **Policy objectives:** Achieving the objectives of the CFP, promoting the blue economy, strengthening international ocean governance

- **Regional solutions to tackle regional challenges:** Targeting support to specific seabasin challenges

- **Small-scale coastal fisheries:** Granting a preferential treatment to SSCF operators

- **Innovative forms of support:** Developing the potential of financial instruments

- **Simplification and results:** Moving from prescriptive measures to a result-oriented approach
